Some messages for the patients of Swavesey Surgery.

Flu Vaccination

Our first appointments for flu vaccinations will be on Saturday 4th between 9.00 a.m. – 11.00 a.m. Following that we will offer appointments on weekdays (morning and afternoon) with any of the practice nurses throughout Oct / Nov / Dec. Our 1st delivery of vaccines is expected 2nd October.

Earlybird Clinic

The Surgery now holds a very early clinic once a week to help those needing to see a doctor or nurse but have difficulty attending during normal opening hours because of work / childcare arrangements. Appointments MUST be booked in advance.

The PCT Changes its Name

The Primary Care Trust - PCT (formerly the local health authority) has now been renamed 'NHS Cambridgeshire'. This is the body that plans for, supports and finances healthcare in this area. Their contact number is 01223 884008, and website is www.cambridgeshire.nhs.uk.

Wishing you all a healthy autumn.
