Reported that the demolition of the bungalow at 71 Boxworth End was within the permitted development previously approved (for extension to raise the roof to include a first floor) as one wall of the original building had been left standing. A Planning Officer had visited the site and the building work now taking place was also within the permission granted.
Reported that SCDC Planning Enforcement had been notified that waste material from the site at 71 Boxworth End was being transported and dumped at a field in Cow Fen Drove. Planning Enforcement confirmed that this activity was illegal as it required a Waste Transfer Licence, granted by the County Council. The County Council's Enforcement Officer had been notified and this would be investigated.
Parish Council also to report this activity to the Environment Agency.
