

Letter of support from Councillor Sue Ellington

Congratulations on the production of The Swavesey Parish Plan which represents the Community's vision for the future of our village.

I did not think there was much enthusiasm when I first raised the idea of a parish plan two years ago. But a group of hardworking volunteers have really made it come alive, seen the advantages and produced a historic document which will help to shape the community life of Swavesey into the foreseeable future.

At this time, when we are facing great changes in Cambridgeshire from increased housing and the development of the infrastructure to support it, it is so important to maintain our village community and establish how we want it to move forward.

The production team has taken the ideas, fears and thoughts of everybody in the community from the young to the very old and produced a plan which, not only brings together everybody's vision but also provides evidence to enable the village to move forward towards achieving it.

I wholeheartedly support this document and look forward to working towards the achievement of the plan over the next years.

Councillor Sue Ellington
South Cambridgeshire District Council

Letter of Support from Councillor Mandy Smith

I would like to add my support to the Parish Plan for Swavesey. As County Councillor I listen closely to what communities have to say, and this Plan is a direct message about the wishes of the community in Swavesey. I will do everything I can to work with the residents to achieve their wishes, and to help shape the village in the way the residents would like. I personally feel that this is an excellent way to hear the views, and to work together for each other.

Best wishes,
Mandy Smith
County Councillor for the Papworth and Swavesey Division
