

Annual Parish Meeting - Weds 2nd July 2014

Reports from absent Community Group representatives

Agenda Item 5.8 - Community Pavilion Trust (Recreation Green)

Apologies from Gary Peet and Jerry Ladell

It's been another tough year, with the Football club providing the majority of the bookings and income, our community room is generally thought to be too small for most activities, apart from Children's parties, which start to kick in anytime soon.

We are finding that the list of repairs keeps growing, at the moment we need to repair large cracks in the ceiling of both changing rooms and a cracked window in the community room.

We are hoping to have enough rental revenue to make these repairs and to be able to part surface the area at the rear of the pavilion.
